

# Reminder: 2023 Quarter 2 Treatment Capacity Survey

July 31st, 2023

Dear provider,

Arizona Revised Statute §36-109 requires that each quarter, each hospital, health care facility and outpatient substance abuse treatment providers that provide substance abuse treatment submit to the Department the following information via survey.

Please find the survey link for Quarter 2 (April 1, 2023 to June 30, 2023) of Calendar Year 2023 below.

ADHS is requesting that your facility complete the survey no later than **August 1, 2023**.

The survey must be completed online via Qualtrics using the link provided.

We recently switched survey platforms, from Survey Monkey to Qualtrics, so the appearance will be slightly different than in the past. You may notice a change in guidelines for the text boxes, so even if a question looks familiar, please read it and the instructions completely. We are expecting these small changes to make it easier and faster for you to participate.

**Providers with multiple facilities:** If one person is completing the survey for many facilities, they may complete one entry with the total numbers of inpatient/outpatient beds, as well as total numbers of available inpatient/outpatient beds. If the method of distribution is fax, please make sure to enlarge the font of the web address to aid visibility.

The information you submit is important to assessing Arizona's progress in meeting the treatment needs of people throughout the state.

The information is analyzed and compiled into a quarterly report that is provided to the Governor, the Presidents of the Arizona House and Senate, and the Arizona Secretary of State's Office. The quarterly reports are also posted on the ADHS opioid website at <https://azhealth.gov/opioid> under the reporting tab.

Thank you,
